NUMBER 200.

STRIKE TO BE SETTLED

Amalgamated and Combine Officials Soon to Meet In Conference.

REPORT CURRENT AT HEADQUARTERS

Sympathy Strike Not Likely, According to the Interpretation of an intimation of President Shaf-10r-Late Developments.

Pittsburg July 16 .- Ail the plants closed Monday are shut down tight and matters about the Painter mill, Lindsay and McCutcheon, Ciark's Solar Iron works, the Monongahela and Star tin plate plants are quiet. It was stated that Slater's mili was in partial operation, but the only men at work were a few Hungarians who were cleaning up about the yards. Replving to the rumor that the management had brought a strike breaker Hom a.doc.ma, Assistant General Manager Harper said: "We can break our own strikes." Superintendent Albrecht, encountered a few moments later, said the plant would be running in a few days.

Speculation as to the probable settlement of the strike is active in all circles, and among business men and manufacturers the concensus of opinion is that the combine officiais and Amalgamated officials will get together before long and adjust the differences. Some of the manufactur ers were emphatic in stating that it would be arranged within 48 hours, yet he could give no positive information of any movement on foot to start negotiations.

In regard to the threat of President Shaffer to call out the workmen in the other union plants of the United States Steel corporation made on Saturday, a significant statement from him that just now he was not in the sympathetic strike business, is looked upon as meaning that for the present the men will be allowed to continue at work. President Shaffer was cheerul when seen, and said he was entirely satisfied with the situation. He had just been in communication with George Powel, president of the American Tin Plate Workers' Protective and International Association of America at Eiwood City, who announced that his organization was in hearty sympathy with the Amaigamated strikers, and the statement was untrue that 3,000 dippery men would continue work. It was reported that these men had decided to continue work because of the lack of co-operation of the Amaigamated association when the scale with the American Tin Piate company was adjusted a year ago. President T. J. Shaffer announced that the strike benefits will go to the idle men from the time of actual inauguration of this strike. The association has a substantial fund, he says, and the men remaining at work in plants outside of the big steel combine will pay liberally to support the strike.

When asked about President Mitchell's statement, President Shaffer said: "I shail not ask the miners to go on such a strike. God help the poor coal miner. He is the best union man in the world and the poorest paid of them all. He has troubles enough of his own and we have no desire to involve him. But while I shall not invite nor solicit a sympathetic strike, the Amalgamated association stands ready at any time to effect an alliance with the United Mine Workers or any other kindred organization, many of whose members are employed by the United States Steel corporation.'

The surprising strength of the Amaigamated association at points that were considered the strongholds of the nonunion element is one of the features of the present strike. With the closing of the Monessen hoop mill, every plant of the American Steel Hoop company is tied up with the exception of a small plant at Duncansville, Pa. Word was received at Amalgamated headquarters stating that the men of the Duncanville plant were ready to close down when or-

Schwab and Morgan Mum. New York, July 16.-President Charles S. Schwab of the United States Steel corporation, and other officials of the company now here, declined to publicly discuss the strike situation. Mr. Schwab had been in conference with J. Pierpont Morgan and others, but no hint of their attitude or conclusions has been given to the public. It has been reported that there would be a general conference on the subject here and also there was a movement afoot for the settlement of the strike, but confirmation or denial of these stories could not be obtained at sources of authority.

Freight Handiers Out. Port Costa, Cal., July 16.-Four hundred men who handle freight in the warehouses here have gone out on strike. Work in all the warehouses from Nevada to Crocket, as well as

the Crocket Sugar refinery, is at a standstill and shipping is completely tied. They asked for \$3 a day for nine hours and time and a half for all overtime. The warehouses offered a raise of five cents per hour, which would be 30 cents an hour for 10 hours' work, but refused to recognize the men as a union. This offer not meeting with the approval of the men. they walked out.

MINES TIED UP. Strike of Stationary Firemen Involves

Forty Thousand Men. Wilkesbarre, Pa., July 16.-The strike of the stationary firemen inaugurated Tuesday, has tied up nearly all the mines in the Wyoming vailey, and a conservative estimate places the number of men idle at 43,000. This includes the men out in the Scranton district. Only about 800 of these are firemen. The balance is made up of miners, laborers, engineers, breaker boys and machinists employed In and about the collieries. Every mine from Pittston to Naticoke is affected. When the whistles blew for work the firemen refused to report for duty and orders were then issued by the superintendents to close down. The striking firemen thereupon returned to their respective headquarters, where they held meetings and discussed the situation.

President Muliahy estimates that 40,000 men are idle. The coal companies have pressed into service, their foremen and fire bosses, who will be employed as firemen for the time being. This is necessary in order to keep the pumps running and the mines free from water. At some of the coliferies hoisting engineers who were asked to work with the men refused and quit their posts. The Deiaware and Hudson company has two mines working and the officials say they have enough firemen to keep the pumps running. Several mining concerns gave into the demands of the firemen.

French Minister Shot At.

Paris, July 16 .- M. Baudin, minister of public works, was shot at while driving to a cabinet meeting at the Elysee palace. The author of the attempt on the life of M. Baudin was a woman, who was accompanied by a 10-year-old child. She approached M. Baudin's carriage and suddenly drawlng a revolver fired at the minister. M. Baudin was not hit and proceeded to the Elysee palace. The woman was arrested and gave her name as Olgewska, and said she lived at Naterre. Her husband is a Pole and was an architect at Nice until 1894. Madame Oigewaska asserts that she had no intention of hitting M. Baudin, but that she fired her revolver in the air to draw attention to an alleged gricvance of her husband, who claims he is being deprived of money due him by the ministry of foreign affairs.

Collision On a Bridge. Parsons, Kan., July 16.-A headend collision between two local freight trains on the Missouri Kar'.3 & Texas road near Wymark, l. T., killed five men and probably fatally injured three others. The dead: Joe Morris, Parsons; two unknown tramps; James Leveile, head brakeman, Parsons; Frank Fitzgeraid, Brakeman. The collision occurred on a bridge over the Arkansas river. There is a sharp curve near the bridge and when the engineer saw the danger, the engines were too close to each other to be stopped. The two engines came togteher in the middle of the bridge, the bridge collapsed and both engines fell into the river. The two trains caught fire and burned up the bridge as well as the cars.

Officials Clashed. Manilia, July 16.-H. Phelps Whitmarsh, governor of Benguet province, who was recently ordered to Manilla for investigation of certain charges against him, is writing a statement in his own defense for presentation to the United States commission, denying some and making explanations of others of allegations of him. Whether or not he is exonerated it is considered that it will be difficult for him and Otto Scherer, secretary of the province, together to govern the province successfully, the two officials having clashed.

Gold From the Klondike.

Seattle, Wash., July 16.-Late advices from Dawson under date of June 28, state that the gold shipments to the outside this year have amounted to \$5,000,000 to date. Over \$3,000,000 of this sum went down the Yukon and is going out by way of St. Michael and the balance has gone up the river. The bank of British North America is this year shipping down the Yukon and the Canadian Bank of Commerce is shipping in the opposite direction. These are the only banks doing business in the camp.

London, July 16.-A dispatch from Constantinople says great frauds have been discovered in the Turkish customs. The embezzlements are said to exceed 120,000 pounds sterling. Several of the higher customs officials have been arrested.

TO END THE BOER WAR

Kitchener and the Cape Government Discussing the Dest Course.

BRITISH HOPEFUL OF THE OUTCOME.

Cape Parliament Soon to Convene and the Government is Confident of a Working Majority-Future of South Africa.

Cape Town, July 16 .- Sir John Gorion Sprigg, In the course of his address before the vigliance committee. expressed the opinion that the aspect of affairs was more hopeful today than at any time since the outbreak of hostilities. Communications were passing between General Lord Kitchener and the Cape government regarding the best course to be taken with the view to bringing the war to a speedy close. Mr. Sprigg was satisfied that such an arrangement would be reached between General Kitchener and the Cape government and that a very considerable improvement might be looked forward to in a short time. He believed that the Cape parliament would meet before the end of October and was confident that the government would have sufficient majority to carry any necessary measures. He said that a customs conference including ail the states and eoionies of South Africa practically would be called toward the close of the year.

Mr. Sprigg said he was entirely satisfied that as iong as Lord Salisbury remained in power there would be no shadow of anything in the nature of going back. The Cape government entirely sympathized with the announced policy of the imperial government. The Cape cabinet had been rendering all possible support to the imperial government, and intended to continue its support with full assurance that the imperial anthorities would not vary their policy to wipe out the last vestige of republicanism in South Africa.

England, Mr. Sprigg added, had consuited the Cape cabinet in regard to South Africa's future. The cabinet strongly heid the opinion which was shared by the imperial government, that there must be a period of military rule, followed by a crown colony government for the new coionles. The Cape government recommended a large scheme of immigration. Federation must be hurried.

Bryan On Ohio Democracy.

Lineoin, Neb., July 16 .- The action of the Ohio Democratic convention reecives attention in this week's issue of The Commoner. Mr. Bryan critieizes the convention for failing to reaffirm the Kansas City platform and for what he regards as the weakness of some of the planks it did adopt. Mr. Bryan insists that the convention made a mistake in making himself (Bryan) an issue, saying he is not a candidate for any office. The writer deciares that the money question is not yet out of politics, and that the convention should have come out for the gold standard or denounced it. He urges the support of the nominees of the convention, and referring to Mr. McLean's candidacy for the senate, says: "Did the leaders ignore the more important question to piease those who boited in 1896 and 1900, codoes Mr. MeLean want to be left free to affiliate with the Republicans on financial questions in case of his elec-

Battle Between Negroes and Greasers. Pentford, Tex., July 16.-A pitelied battle and wholesaic killing occurred between Mexicans and negroes who are working on the new Rock island extension in New Mexico, 100 mlies west of here. The trouble originated in the killing of a Mexican by a negro some weeks ago. The authorities undertook to arrest the assailant, but his friends interfered and they were obliged to withdraw. Afterwards 35 or 40 Mexicans armed themselves with Winchesters and went after the negro. A battle took place in which 15 negroes were killed outright and several wounded. The casuaities among the Mexicans cannot be learned. The trouble occurred at Spencer's railroad camp near Liberty, N. M.

Thrown into Deep Water. Stillwater, Minn., July 16.-Will Johnson, 16, an employe of a trained animal show, was drowned in Lake St. Croix. A number of the employes went to the lake to bathe. It is announced that one of them named Watkins became enraged at Johnson because the latter was teasing him. Watkins is said to have picked Johnson up and thrown him into a deep part of the lake. The boy could not swim, and was drowned before assistance could reach him. Watkins escaped. Johnson's home was in Bloomington, Ind.

Filipino Murderers Executed. Gebarro, with 70 men has surrendered starting a fire with coal oil

to the authorities at Legaspi, Aibay province. General Aquino, who has been proved to be responsible for the murder of five captive soidiers of the Twelfth United Sates infantry, has been sentenced to imprisonment for life. Many native murderers have been hanged or imprisoned.

OTHER PEOPLE'S MONEY ed to Carry on Business of This Firm-A Broker's Admission.

St. Louis, July 16.—Sensational admissions have been made on the stand by Samuei A. Gaylord, senior member of the firm of Gaylord, Biessing & Co., which failed recently. Mr. Gaylord, who is one of the oidest stockbrokers in the city, admitted at the hearing before Bankruptcy Referee Coles that the firm had been practically insolvent for two years and has been doing business on other people's moneyon funds secured from local customers. Deals wherein no stock ever changed hands, being a mere matter of bookkeeping, in which the firm never forgot to charge up commissions, margins and interest were admitted by Mr. Gaylord, who also told of the employment of relatives' names and the use of an insane man's name in the accounts. At the time of the failure, they were short \$150,000 in bond, face value, and over 6,000 shares of stocks in New York. It was admitted by the witness that the failure was due to their own speculation, by which they had to win to pay off their indebtedness, estimated to have been something near \$200.000.

Actresses Suicide Together.

London, July 16.—Ida and Edith Yoeland, actresses, 26 and 21 years old respectively, committed suicide together by taking poison in their rooms in London. About noon Eaith called their landiady and told the latter she and her sister had taken pois on. She asked the landlady to get a cab and put herself and her sister in it and promised they would leave the house without creating a fuss or a scene. Upon going up stairs the landlady found Ida dead. Edith died on the way to the hospital. Ida had been engaged at the Duke of York's theater under the management of Charles Frohman, for three years. Both the women had recently been without cngagements and they were bitterly disappointed at failing to secure an expected engagement.

Army Appointments.

Washington, July 16.—The president made the following appointments: Coloncl artiliery, David H. Kinsie; lieutenant colonel artifiery, George G. Greenough, Goiden A. Day; major artillery, Edward Davis, Joseph M. Caiiff, Charies W. Hobbs, Claremont L. Best, John C. Hoskins; eaptain artiiiery, Samuel A. Kephart, Louis R. Burgess: captain cavairy, Mortimore O. Bigelow; second lieutenant infantry, Jason M. Wailing, Norris S. Taton, John K. Sowan; captain Porto Rleo provisional infantry, Orval P. Townshend; second lieutenant Porto Rico United States Attorney General provisional infantry, Willis C. Metculf, Emil Huebscher.

Freshened Vegetation. Kansas City, Mo., July 16.-Rain feil over an area of 80 miles around Kansas City and reports from different parts of the southwest Indicate thun. rogative court. Theodore B. Rogers, derstorms and lower temperature to the third executor named in the will, follow. At Lawrence, Kan., enough rain feil to effectively lay the dust, clear the asmosphere and freshen vegetation, but not enough to do any permanent good. It is the first fall in mony and the hearing of argument as that vielnity for 26 days. At Ottawa to why the will should not be probatand Weilsville, in the next county west of Lawrence, haif an inch of rain fell.

Miners Out.

Wilkesbarre, Pa., July 16.-The 1,500 employes of the Kingston Coal company went on strike in obedience to an order issued by the executive committee of District No. 1, United Mine Workers. The strike was ordered because of a reduction in the wages paid for "yardage" on narrow work in the mines. The company has been paying \$1.50 per yard, but last pay day it is claimed the men were informed of a reduction to \$1 per

Wreck on the Hocking. Gallipolis, O., July 16.—The Hocking Valley pay train was in a collision with a freight train at Vinton. One man was killed and four were injured. Dead: S. L. Socia, fireman, of Nelsonville. Injured: Paymaster D. E. Lerch, of Columbus; - Lerch, son of the paymaster; James Rafferty, of Waverly, engineer; N. W. Dietrich, of Waverly, freight brakeman. None of the injured are seriously hurt.

Children Fatally Burned. Indianapolis, July 16.-Roy Jones, 12, and Bryan Jones, his brother, 4. were fatally burned in a fire which consumed their parents' home at Broad Ripple, a suburb. Their mother was terribly burned in trying to Manilla, July 16.—The insurgent rescue them. The children were

Subjected For a Long Spell to Untavorable Weather Conditions.

WASHINGTON'S OFFICIAL SUMMARY,

Corn as a Whole In the Central States Has Peteriorated Owing to Heat and Drought-Outlook in Other sections.

Washington, July 16.—The weather bureau's weekly summary of the crop conditions is as follows:

The states of the middle Rocky mountain and Missouri and Mississippi vaileys have experienced another, the third consecutive week of extreme heat. The maximum temperature over a large part of these districts daily ranged above 100 during the week, many stations reporting from 100 to 107. With an almost entire absence of rain, the crops in the region named have been subjected to most unfavorable conditions. In the states lying immediately to the eastward of the Mississippi river, very high temperature have also prevailed. but the heat has been less intense and its effect not so serious as in the districts to the westward. On the Atiantic coast very favorable temperature conditions have prevailed with abundant rains, excessive and damaging in portions of the middle and south Atlautic states. On the Pacific coast it has been cool and dry with frost in Washington on the 12th.

The corn crop as a whoic in the corn states of the central valleys has materially deteriorated and has sustained serious injury over the western portion of the cornbeit, especially in Missouri, Nebraska, Kansas and Okiahoma. A very large part of the crop is late, however, and this has withstood the trying portlons of drouth and heat remarkably well, and with early rains, will still make a fair crop. This is particularly applicable in lowa, Nebraska and portions of Kansas and northern Mis-

Water Scarce.

Dalias, Texas, July 16.-No rain fell in any part of Texas on Tuesday. There were a few local showers Monday, but it did not reach the Texas cotton region. The hot winds continue. Cotton is suffering severely. Cattlemen in the Panhandie report the small streams dry and the grass range bare in large areas. The scarcity of water is alarming the ranchmen.

Cooling Showers.

Omaha, July 16.-Nebrasita and western lowa received un inch or more of rain. The showers cooled the atmosphere, relieving the extended speli of hot weather and the mercury went down to 68. Liberal rains are reported in the Black Hillis.

Millionaire Rogers' Willi.

Trenton, N. J., July 16.-Pormer Griggs, representing John S. Barkiaow and William Pennington, two of three executors of the will of the late Jacob S. Rogers, appeared before Chancelior Magie and offered the will of the deceased for probate in the predid not join in the petition. Mr. Griggs stated that several caveats had been filed and the chancelior fixed Sept. 16 for the taking of testied. Mr. Griggs then presented a petitlon asking the court to appoint the three executors as administrators to take charge of the estate pending the decision of the probation of the will. The court at once granted the p tition.

Three ...led By Lightning. Newcomerstown, O., July 16.—During a rainstorm a bolt of .ightning struck Mrs. Caroline Huff, her daughter, Mrs. Ida Thornton and Ars. Thornton's babe, killing them instantiy. Another daughter and a chiid were aisa struck, but the shock did not prove fatal in their case, aithough both were unconscious for several hours. The women had been out gathering berries, taking the children along. When the rain came up they sought sheater in a straw shed. The lightning tore through the roof and the entire party was struck. The shed collapsed afterwards and the bodies of the dead and injured were brought from the ruins by people who saw the shed go down.

Auburn, N. Y., July 16 .- Frank Wennerholm, the Chautauqua county murderer, was put to death by electricity in the prison here. The current was turned on one minute and five seconds, and the man was pronounced dead. When he took his seat in the chair Wennerholm appeared to be on the point of utter collapse. As the strap over the face was put in position, the doomed man tossed his head nervously to one side and uttered a

The forests have largely disappeared -only a small patch has been visiting Mrs. Thomas Phister, of woodland left here and there. The disastrone results from the loss of forest and shade trees is best told by Dr. F. S. Oswald, who calls attention, in Health Walnut Hills, Cincinnati, and Mrs. Culture, to the strange circumstance that Harry Kissel, of Columbus, O., are while various religious systems inculcate certain practices which are more or less faithfully followed by their adherents, none prohibit the destruction of forests. He savs:

Wanton, inconsiderate forest destruction has converted more than 5,000,000 est in Virginia and West Virginia. square miles of once fertile regions into deserts. It has robbed earth of many features of a terrestrial paradise, it has from the Philippines, in bad health.

Questions for Women

Do you have periodical pains? Do you have frequent

backaches? Are you nervous? Are you continually exhausted? Do

you suffer every month? If you answer "yes" to any of these

questions you are suffering from lils which Wine of Cardul cures.

Do you appreciate what perfect health would be to you? After

taking Wine of Cardui, thousands like you have realized it. Wine of

Cardul insures freedom from female diseases. At each recurring menstrual period, if care be not taken, slight ailments will appear.

Nervous strain, loss of sleep, cold or indigestion start disorders which are not noticeable at first, but day by day steadily grow into troublesome complications. Wine of Cardui, used just be-

fore the menstrual period, will keep the female system in perfect

condition and render It Invulnerable to disease. The medicine is

taken quietly at home. There is nothing like it to help women enjoy good health. Wine of Cardul costs only \$1. Test this remedy, which is indorsed by 1,000,000 cured women.

WINE OF CARDUI

derful medicine, Wine of Cardul. It is the best medicine I ever heard of. I am thirty-six years old and have been sick all my life.

I had a dozen doctors, but none of them did me any good. I have taken one bottle of Wine of Cardul and will take another with

Black Draught. I have been married six years and have a baby five years old. I had womb and kidney trouble. My monthly pe-

riod was so had that sometimes it came twice a month. I was too sick to do work for a family of three. I was in hed when I got the bottle of Wine of Cardul. Now I am up and can do most of

my work. When I was sick I could not sleep at night. I sleep well at night now. A friend of mine advised me to use Black-Draught with Wine of Cardul. Mrs. ETTA KILLMAN.

In cases requiring special directions, address, giving symptoms, "The Ladles' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

Cairo, Ky., Sept. 6, 1899.

Mrs. ETTA KILLMAN,

rendered nearly one-third of the Eastern hemisphere unfit for human abode. This disappearance of forest luxuries is the main cause of the deterioration of some of the most favored countries of the world. Spain, for lnstance, was, thanks to her woodlands, at one time the Eden of Southern Europe. Spain, reduced to treelessness, has been the habitation of poverty, retrogression and disea-e Sicily, in the old days of its forest wealth and abundance, was the mother of philosophers and athletes, heroes and merchant princes. To-day, sunbunt and treeless, its products are bandits, beggars and vermin. The whole coast region of the Mediterranean has been depleted of forests, and, in consequence, of four-fifths of its population and ninetenths of its former fertillty and productive power. The same results are visible in Asia Minor, Arme is, Mesopotamia, Persia, Hi dostan, Portugal and Southern France. It is indeed open to doubt whether all human crimes the corn crop is being destroyed "at the struction of forest safeguards against blighting droughts. A land bereft of forests is like an animal deprived of its week or so, these same fellows would her principal guarantee of prosperlty and

Besides mitigating climatic extremes, forests attract rain showers. The wooded valley of the Rio de San Pedro, Peru, No wonder the Navy Department is enjoys an annual rainfall of twenty inchern Africa, once the most fertile of lands, less slopes in destructive inundations.

Looking at the matter from a purely sanitary aspect, shade-trees are an unness and lethal menace to crowded cities. the prairie States.

Laws should be enacted to save the compel every owner of land bordering on a public road to set rows of shade trees along the highway.

NEIGHBORHOOD NEWS.

ltems of Interest Contributed by Our Country Correspondents.

WFDONIA, July 15th .- Several farmers have threshed their wheat. Some report a good yield, while others say it is not as good as last year. Giil Cook, of Paris, visited relatives here the

latter part of the week. Mrs. Dr. Eckman and children, of Cincinnati. are the guests of her mother, Mrs. Marcie Clark. Miss Hattie Bnilock is visiting her cousins, Mr

and Mrs. Ed. Bullock. Miss Hattie Hord was in Cincinnati last week attending the Christian Endeavor convention. Master Clifford Hord Goodman has been suffer ing from a badiy sprained ankie the past week

but is better now. Mrs. Wm. Winn has returned to her home at Lexington after a very pleasant visit of two weeks with her brother, Mr. Abner Hord, and other relatives of the county.

Leo Shelton, of Washington, Miss Annie Corbett and the Misses Maggie and Rosie Quinn, of the North Fork, were guests of Mr. and Mrs. John Gantley last Sunday.

Misses Bettle D. and Mamie Cook returned home from Angusta where they went to celebrate the Fourth and visit Miss Taylor. Born, lost week, to Mr. and Mrs. Pat Tierney, a

Mr. and Mrs. C. H. Goodman visited friends in

Maysviile Saturday. EAST LIMESTONE, July 16th.-Hay harvest is in

progress this week. Wheat threshing has commenced, several crops failing short of expectations, some crops turning out fifteen and sixteen bushels to the acre, while some are as low as eight, there being an

abundance of straw in proportion to the wheat. The hot northwest winds that struck this sectton the middle of last week, coupled with the present drouth, are quite trying on the crops and gardens.

Mr. and Mrs. Wm. Laudenburger, of Dover, are guests of Mr. and Mrs. C. D. Welis, this week. Miss Lula Stitt Muiiin, an accomplished and popular young lady of Covington, is spending the heated term with her brother, Mr. John Still, and other relatives of the county.

Rev. Eilis and a number of friends were graciously enterlained at dinner Sunday after church service by Mrs. T. W. Case, at her pieasant home near Orangeburg. The effect of the recent storm are plainly visible among the heautifui shade trees of her home.

The Stone Lick county road is in very bad condition-aimost impassable in places, greatly retarding church attendance. Why are roads at lowed to remain in such fearful condition? We see but one benefit derived therefrom, and that

is to the biacksmith and carriage-maker. Several from this neighborhood visited Miss Anna Meyers at her home near Tollesboro Sunday, perhaps for the last time in life, as her critical illness is nearing an end. Her death is hourly expected.

Miss Anna King, milliner, and one of Mays ville's worthy and estimable ladies, was rusticating among friends here Sunday.

O. J. Myers, late of Farmer City, Iil., arrived home Sunday in response to a telegram announcing the serious illness of his sister. He was accompanied as far as Indianapolis by Howard Williams.

The ladies of the Stone Lick Church will give another ice cream supper Saturday evening. July 20th, at the Orangeburg school house. Proceeds for the henefit of the church.

Miss Dora Renaker is visiting in Maysvilie. Rufus Stiles and family, of Shannon, were iu our midst Sunday.

Mrs. James Beli is in Fieming on a visit to her parents and friends.

The fete was quite a success, clearing over \$50 for the building fund. We hope the silver ware which was not returned may yet be, especially the spoon engraved "A. K."

Newt. Elrod, who has been in California the past three years, is visiting his old home. Little Miss Donglas Gordon has returned home after a few weeks' visit here.

How to Treat Linoleum.

A point to remember in connection with cleaning is that when linoleum is used as a floor covering serubbing should rarely be judulged in When dampness gets underneath the finoleum, the way has been found for its speedy rotting. If well swept, wiped over with a merely moist cioth to remove all stains and polisited every once in awhite with turpentine and beeswax. good iinoleum has no wear out to it, and furth ermore, it looks well as long as it lasts. It is a good plan to wipe it over with milk and water or with linsced oil ouce every week or so.

How to Cream Canned Salmon.

Make a white sauce of one tablespoonful of butter, one tablespoonini of flour and one cup of mlik. Season this with a little cayeune pepper. Break the contents of one can of salmon into smail pieces and add them. Stir in one teaspoouful of iemon juice and a very little mace Use chopped parsley for a garnish. This dish is improved when the mixture is put in shelis, covered with buttered crumbs and browned in

Current advertising makes the point, which it establishes hy a comparisou of the figures, that for 40 per cent less money than it costs ou biilboards the same space may be bought in news papers and delivered to a prospective customer Instead of making him go out and wander around In the rain to read the ad.

MISS GLENN PICKETT,

Youngest Daughter of the Late Prof. Pickett, Succumbs to an Attack of Typhoid Fever.

Miss Glenn Pickett, of Chicago, died Tuesday afternoon at 5:25 o'clock at the home of her uncle, Mr. T. L. Holton, near Tuckahoe. A month or so ago Miss Picket came from Chicago to visit her relatives. Shortly after her arrival she was stricken with typhold fever, the attack resulting in her death, after three weeks of suffering.

Miss Pickett was the youngest daughter of the late Prof. Joseph Desha Pickett, who was one of Mason's honored and highly respected sons, having served his State faithfully as Superintendent of Public Instruction. A sister, Mlss Nellie, was at her side when the end came, and she is survived by two brothers.

The funeral will take place to-morrow morning at 9:30 o'clock (standard time) at Beasley Church, Elder W. W. Hall officiating, assisted by Elder Cartwright and Rev. Dr. Waller. Interment at Beasley.

River News.

The Queen City will lay up at some point above here.

The funeral will take place to-morrow morning at 9 o'clock at residence, Rev. Dr. Porter officiating. Burial in Maysville Cemetery.

THE FINAL SUMMONS.

7 O'clock This Morning.

Mr. Ben Fristoe died at 7:15 o'clock this morning at the home of his parents, Mr. and Mrs. Taylor Fristoe, of Clifton. He had been ill about two weeks with something like typhoid fever and had been rapidly declining the last day or so. Deceased was about twenty-one years

The funeral arrangements have not been announced.

next winter in Gallaudet College, Wash-

ington City. Memphis, July 16.—A special from Lucius Reed, manager of the Pearman plantation near that place by S. H. Phillips, colored. Reed had ordered the negro to clean out his coup. This angered the latter and he shot Reed, kllling him Instantly. The murderer

and disappeared from his home in Boyd two weeks ago. His relatives had been anxiously searching for him, and were apprised Sunday of his whereabouts by

an item in one of the papers. Trouble of a Minister.

To benefit others Rev. J. T. W. Vernon, of Hartwell, Ga., writes: "For a long time had a running sore on my leg. I tried many remedies without benefit, until I used a bottle of Electric Bitters and a box of Bucklen's Arnica Salve, which cured me sound and well." Sores, eruptions,

KENTUCKY CROPS.

Drouth Has Become Very Severe in Western Part of State-Wheat Not I'p to Average.

[Weekly Bulietin of Weather Bureau.] Dry, hot weather prevailed during the week, with no rain'all in the State. The drouth has become very severe in the western section and in some portions of the central. In the eastern rain is needed in many places, but nothing is suffering from drouth. Water for stock is scarce in many places in the western section.

The weather was favorable for threshing wheat and good progress was made; the xield and quality are rather better than was expected, but it will fall somewhat short of an average crop.

Corn and tobacco are suffering very severely from drouth in the western section and in some localities in the central; in the eastern section these crops, while late, are doing very well. Worms are plentiful.

Oats are being cut; they are very good n the eastern, but only fair in the western and central sections.

The weather was very favorable for cutting hay and a large part of the crop has been saved in excellent condition. In the central section it is a light crop, but in the eastern and western sections it is very good.

Apples continue to fall and will be a very light crop. The dronth is causing peaches to drop in the western section, but they will be a fair crop generally.

Pastures and gardens are dried up in the western section and in some portions of the central, but are quite good in the eastern. Hemp is doing very well. Farm work is well up.

There are three cottages for rent at Ruggles Camp Ground. Apply to I. M.

Protect your stock from torture by flies by using "Fly-killer Oil," for sale at Chenoweth's drug store.

Elder J. W. Bullock will visit the church at Beasley next Sunday, (the third). Preaching at 11 o'clock, sun

An English professor of languages, on returning from India, remarked upon the paucity of objectionable phrases among the British working classes when compared with the abundance supplied by the Orientals of similiar rank. To prove this, he gave a case which came under his consumed 40,000 bushels of wheat for dishonesty, and the next morning, at six own notice. He had dismissed a man-servant o'clock, he sought an interview with his former Reeves Brothers' boiler works at master. He flourished a carving knife, with which he plainly intended to emphasize his remark, When he found it impossible to gain admission. he sat under the window, and the "swearing" process began. He cursed the professor along the genealogical tree back to the first ancestor of his race. Then he dwelt upon every detail of his anstomy, from the top of his head to the end of his toes. "For three consecutive hours he sat and swore," says the professor, "without once repeating a phrase."-San Francisco Argonaut.

Out of a Tight Place.

Your mention of an accident to Lord Derwent, says a correspondent, recails an oid story which I do not remember to have seen in print. The hero of a certain ofd piece who had been "incar. cerated in the deepest dungeon" managed to secure a file, released himself from his fetters, rush- thrashing floor and winnowed the chaff from it ham, Ala., July 29th and 30th, at \$14.06. Return ed down to the footlights, and, in the midst of

One night he saw that the pistol (held by a super in the wings) persistently refused to go off. coming to the end of h's words, he suddenly threw up his hands, gave one fearful cortortion, and exciaiming: "Fool, that f was! in my reckiess haste I swafiowed the file," ieli forward and expired gracefully and satisfactorily.-London

In the olden times the sower went forth to sow, and he sowed by hand, cut his crop with a sickle, thrashed his grain with the tramp of oxen on the with the winds of heaven. In a few remote parts an excited harangue on the delights of freedom, of the East these processes are still in vogue.

Monsieur's Way. "You will have to be careful, monsieur, in ac-

customing yourself to our cilmate. Do not change your flannels until you are quite sure the weather is entirely favorable." "Do not worry about me, sare. I nevaire

change my flannels."-Cleveland Plain Dealer.
